# Art Wizards

## With Mrs. Holland

### Kids University at Hazel Wolf K-8

Art Wizards is a vendor led class in our Kids University program at Hazel Wolf K-8. Why Art Wizards? Part of the secret of teaching kids to draw is to give them material that they're excited about. If they are to draw a person, they'd prefer Harry Potter to the Mona Lisa. We give them material they're interested in and excited about. Then we give them the information they need to succeed, but not so much that we stifle their imagination.

The Winter series is always popular, with its winter scenes, winter sports, and characters from the biggest movies of the year. We'll show young artists the best ways to use pens, pencils, chalk and oil pastels. We'll show them exactly what and how to practice so their progress continues. Lessons are always individualized and noncompetitive, based on each child's age, interest and ability. Find more info and some of our students' artwork at [artwizards.org](http://artwizards.org)

## PARENT TESTIMONIALS

"Art Wizards is the program I wish had been available when I was in school. I really struggled with drawing, and never knew it could be made so easy."

**Terri Barber, parent**

"I love the fact that my daughter now has a new outlet for her creative (wild) imagination. Now she draws all the time. And I'd much rather see her with a colored pencil than with a remote control in her hand."

**Rhonda Taylor, Parent**

"Now that my son draws more confidently, he sketches his ideas, illustrates his assignments and creates cartoons for friends and family. I am thrilled."

**Steve Carson, Parent**
